AssistantNew: Mi AI can answer your calls now!New: You can record a customized greeting that will be played to the other person during AI calls.New: Customized greetings are also supported for outgoing calls.Xiaomi HealthNew: All-new Xiaomi Health gives you more options and makes your health stats more accurate.New: Put your device next to you before falling asleep to analyze your sleep cycle and record talking and snoring.New: You can sync data with supported wearable and smart home devices.New: Xiaomi Health can remind you Version12.0.1.0.PCHCNXMSystemMIUI 12AndroidAndroid 9Release date2020-07-31File size2.86 GBMD59b72b14cde12691cdf007306aa0a1d36Official LinkDownload (4gz)ChangelogHighlightsSystem animationsNew: All-new physically based animation engine with advanced architecture will refresh your device’s look.New: Dynamic window technology takes switching screen orientation to a new level.System visualsBrand new visual design works for all types of content and languages.Magazine-level layouts bring important things into the spotlight and make content structure clear.Privacy protectionNew: MIUI 12 is the first Android-based mobile OS that went through the rigorous enhanced privacy protection testing.New: Reset your device ID and control how it’s used based on virtual ID technology.New: Grant permissions that will be used only while you’re using an app.New: You can also grant permissions just once, and decide again next time a permission is required.New: Restrict access to telephony to third party apps.New: Return blank messages to the apps that require personal information.New: Receive notifications whenever apps record audio, use camera, or access your location.New: Use secure sharing to control what additional data is sent along with shared items.New: Get comprehensive stats on how apps use permissions in app behavior history.New: Visit privacy.miui.com to learn how MIUI protects your privacy.Optimization: Apps aren’t allowed to launch other apps in the background now.AI Call AssistantNew: Mi AI can answer your calls now!New: You can record a customized greeting that will be played to the other person during AI calls.New: Customized greetings are also supported for outgoing calls.Xiaomi HealthNew: All-new Xiaomi Health gives you more options and makes your health stats more accurate.New: Put your device next to you before falling asleep to analyze your sleep cycle and record talking and snoring.New: You can sync data with supported wearable and smart home devices.New: Xiaomi Health can remind you Version12.0.1.0.PCHCNXMFile size1.12 GBApply for11.0.4.0.PCHCNXMOfficial LinkDownload (.zip)The latest firmware version doesn’t necessarily mean it’s the best. Read the reviews on the 4PDA or XDA Developers websites before installing any updates to Mi Note 3. If you downloaded the flash file, installed firmware and encountered operation problems, please write about it in the comment section.Mi Note 3 is on the Xiaomi EOS list. This means that support for the smartphone has been discontinued. It does not receive software updates and new firmware, and known security vulnerabilities are not fixed.Xiaomi releases monthly and quarterly security patch updates for the Xiaomi, Redmi and POCO for 2 years after the device goes to market. Monthly and quarterly security updates include Android security patches from Google as well as fixes for specific issues from Xiaomi.
