Awards Follow the suggestion of his son, Shekhar designs an action game in which the antagonist is more powerful than the protagonist. The player must fight in the first twio levels to reach the third where he closes the bullet first wins. The game is well received in your opening evening, but things go wrong when Prategeek stops playing and interrupts the game in the middle, just to invite Ra.on's wrath, the bad game that uses advanced technology for Take the physical form. He wants to destroy Prategies, something just the protagonist of the game, G.On, can prevent exception.
