Longitude and Latitude

- Label the EQUATOR (0°) and color the line RED.
- Label the PRIME MERIDIAN (0°) and color the line BLUE.
- Label the TROPIC OF CANCER (23.5°N) and color the line YELLOW.
- Label the TROPIC OF CAPRICORN (23.5°S) and color the line GREEN.
- Label the degrees for latitude and longitude.

Latitude lines run \_\_\_\_\_ and tell us how far \_\_\_\_\_ of the \_\_\_\_\_ the location is.

Longitude lines run \_\_\_\_\_ and tell us how far \_\_\_\_\_ of the \_\_\_\_\_ the location is.

The Prime Meridian is a \_\_\_\_\_ line located at \_\_\_\_\_ degrees and is the base for the international date line.

The Equator is a \_\_\_\_\_ line located at \_\_\_\_\_ degrees and receives direct sunlight during spring and fall.

The Tropic of Cancer is at \_\_\_\_\_ latitude and receives direct sunlight during June.

The Tropic of Capricorn is at \_\_\_\_\_ latitude and receives direct sunlight during December.

Longitude / Latitude

Longitude

Lines of longitude begin at the Prime Meridian.

60° W is the 60° line of longitude west of the Prime Meridian.

60° E is the 60° line of longitude east of the Prime Meridian.

The Prime Meridian is located at 0°. It is neither east or west

3rd Grade Geography:

SOC 3.5.5.3.1.a: I can locate the equator, prime meridian, and lines of latitude and longitude on a globe.

SOC 3.5.5.3.1.d: Locate Greece on a world map.

Lines of Latitude	Equator	Lines of Longitude	Prime Meridian

Reading Maps

Use the map to answer the questions and to follow the directions.

The legend explains the symbols used on the map.

1. Color in green the coastal mountains.

2. Color in red the roads the people of Neartown would drive along to go to church.

3. Use the legend and draw a lake just west of Uptown. Then color it blue.

4. How many small islands are there off the coast of the large island? \_\_\_\_\_

5. On which coast (north, south, east or west) would you go fishing? \_\_\_\_\_

6. Which is the main island's most important city? \_\_\_\_\_

7. The shaded area in the north is a national park. Color it yellow.

8. Draw the national park in the legend.

9. Which town is near the best beach to go swimming in the sea? \_\_\_\_\_

10. Draw a church near the national park's east boundary. (Use this symbol +.)

Words to be explained: legend, boundary, coast, capital,

squares7. The Scripture starts with Jesus' ride on the donkey into Jerusalem and ends with his ascension. Plus, being blank,Page 22Students will practice finding the slope of a line given a graph, an equation, two ordered pairs, or a table with these six mazes. 6: Find and color the nouns, verbs and adjectivespg. LowercasPractice using past, present,

Use the same verbs in context with these easy, no-prep worksheets. These are similar in format to my general, no-page 8Ready to go, Daily Lessons, and YOU Let me save you hours of planning! This Powerpoint contains 261 slides for lessons 16-1 through 16-11. The note page is designed to allow students space to add their own doodles, sketches, and drawings in order to create a more personalized note taking experience. The first page has students identify the slopes of a set of parallel lines and a set of perpendicular lines. Included are 14 different egg designs and blank eggs for students to create their own colorful Easter eggs! What's included:Directions!4 different egg designs & 1 blank egg template (black/white)Here's some different ways to use this activity:Prewriting & prereading practice (moving left to right/ tracking)Fine motor Assessments including Fill in the Blank, True & False, Matching, and Multiple Choice questions for your unit on Sums and Differences on a Number Line! Students are required to use the number lines to find the answers to addition and subtraction problems within 100, match the complete equation with the corresponding number line, and identify whether or not a number line correctly represents an equation. Each worksheet contains a story that has 10 lines. This set includes the following posters:- 26 x Alphabet Posters - Letters a to z- 20 x Number Posters - to 20- 11 x Color Posters (half page) - blue, brown, red, pink, green, purpleThese word family foldable are a blast for emergent readers! Two pages are needed to make the foldable. Difference between 2D and 3D shapes. Made for Google!Page 5Identify and Differentiate Between Points, Lines, Line Segments, and RaysThis is a useful set of digital Google Slides worksheets that help students learn to solve problems using their knowledge of the points, lines, line segments, and rays.This pack contains 10 worksheets. Bible studyTRACE AND COLOR BY NUMBER 1 - 10 FOR PreK -KINDERGARTEN, HOMESCHOOLINGEnjoy this interactive coloring activity! Students are asked to both trace numbers and color between the appropriate lines, to produce fun, colorful, and good looking penguin!HAPPY TEACHING,Christian Learning Center\*\*If you like what I've created, please let me know by leaving feedback!)Spring Poems and WorksheetsThis product contains one original poem about spring, along with 5 worksheets corresponding to the poem. There is a blank for each line of the story with a verb below the blank. The answers navigate students through the maze.Six versions included:Maze 1: Finding slope given a graph.Maze 2:Page 23Preschool, Kindergarten or Special Education MORNING WORK Pre-K; Kindergarten; Special Education; Autism EVERYTHING IS IN BLACK AND WHITE!! Two page, 54 question, math worksheet with key. rectangles8. They are designed to help students solve problems involving points, lines, line segments, and rays by tackling them in several different ways. Image files are not named by the graphic they represent. It also includes sofa leaves in case you would like to print different melodic patterns to display on the board. A variety of engaging activities will keep students focused & appeal to different types of learners. Use the geography lapbPage 13Two sight word Trace & Find the Word for the Dolch Primer Sight Words.Save money and buy the Bundle!One has two lines for tracing the words and the second printables has one line for tracing and one for writing the word.These are no prep printables. Laminate it and use it as an anchor chart, display it on your projector for whole class instruction, or add it to your students' writing folders to help with them learn tenses and irregular verbs.Reader's Theatre is a fun and engaging way for students to practice reading aloud with fluency and expression, as well as performing in front of an audience without the stress and pressure of memorizing lines. These centers are engaging, hands-on, and FUN for little learners.Included:-Roll and Feed the Mouse-Prewriting Lines-Owl Beginning Sounds-Rhymes- No Rhyme Sort-Spider Letter Tracing-Play dough letter building (lowercase) and beginning sound smash-Roll and Cover Skunks-Owl Count and Link Fine Motor-Owl Ten Frame Counting-Popsicle Stick Letter Build and Trace (lowercase)-Firely Number Puzz/Subjects:Science Journal Pages: 18 Templatesby This set includes a black and white cover (perfect for students to personalize) and 18 different science journal template pages (9 one-page versions, 9 two-page versions). Each Christmas character has 3 pages: straight lines, slanted lines, and squiggly lines. 2-3: Unscramble the poem and put the lines in the correct order. This resource contains 12 worksheets. If WearingPage 18Learn all about early math concepts with this math set in B and rainbow! These sweet colors will brighten up your classroom in no time! Included are:"Number lines from -20 - 120. "Whisper counting" for 2s, 5s, and 10s with numbers grayed out- Skip counting for 2s, 5s, and 10s with numbers deleted- Text EDITABLE PPT slide included\*Colors Posters (in a script font and a block font)- Red, Orange, Yellow, Blue, Green, Purple, Pink- Brown, Black, Gray/Grey, and White\*Shapes Posters (in a script font Page 19"Don't Let Them Disappear" by Chelsea Clinton Book Studyby "Don't Let Them Disappear" by Chelsea Clinton This product includes graphic organizers, writing prompts, and ready-to-print writing paper. They distinguish between rays, segments, parallel, intersecting, and perpendicular lines by sorting examples of each. pg. There is one maze each for graphs, equations, two ordered pairs, and tables. My students like to use the loom bands for more color options of bands while creating. This set is included in my DISCOUNTED Geoboard Endless Bundle found HERE! I teach a weekly unit on Lines and Colors, which is why I first created this set. no handwriting lines -Space to write the directions of the experiment vs. Students draw and name lines, segments, rays, angles and points. Includes: - Pictures to use as an example as you set up your board - Directions for set up - Pastel flowers E-F for treble note names - Bright flowers E-F for treble note names - Rain drops E-F for trReview key vocabulary & provide opportunities for students to practice using world maps. The rubric is attached to it which makes for easy grading! Pieces assessed: Trapezoids, Right Angles, Acute Angles, Obtuse Angles, Squares, Rhombus, Parallel Lines, Pentagon, Nonagon, Octagon, and many more! My students completed this and they turned out wonderfully! I got projects that were on posters to projects that were 3D! The students loved this assessment!Page 26Graphic organizers to help guide students through a 5 finger retelling of a story.3 different versions: Characters, setting, problem, events, endingCharacters, setting, beginning, middle, endCharacters, setting, problem, events, solutionGraphic Organizers come with blank spaces and with writing lines which makes for easy differentiation.Key words: Jan Plan, Jan Richardson, graphic organizer, story map, distance learning, technology, device, laptop, NTI 4. Sort the vocab words into ABC order, diagonal lines. Numbers either get kicked UP to the larger end of the number line, or numbers get kicked DOWN to the smaller end of the number line. YOU MAY: ● Use these graphics for use in a clePage 10Transform shapes and lines with these fun emoji activity sheets!Included are eight half sheets that challenge students to complete a variety of transformations in order to create an emoji (like a sailboat, egg in a frying pan, house, etc.). I use it with my 8th grade Pre-Algebra and Intensive Math classes as homework or as a classwork activity.Formats:PDF: Questions be printed and used as a worksheet. They are separated out into a whole, 1/2, 1/3, 1/4, 1/5, 1/6, 1/7, 1/8, 1/9, 1/10, 1/11, and 1/12th. Each journal prompts also includes an I Can boxSets 1 and 2:I Can BoxI can use a capital letter.I can use finger spacing.I can sound out words.I can use punctuation. \*Answer keys are included. On the bottom page, students practice reading a sentence that contains that CVC word, OR they can write their own sentence!★ Short a word families: -at -ag -ap -an -ad -am ★ Short e word families: -et -eg -en -ed ★ ShortEDITABLE Journal Promptsby Writing is a skill that requires daily practice! Based on the popular Monthly NO PREP Journal Prompts, this is an EDITABLE Version without the word bank or monthly prompts. Saved at 300 DPI. Christmas characters include: Gingerbread boy, gingerbread girl, gingerbread house, Santa Claus, girl elf, boy elf, and Rudolph. Includes: - Pictures to use as an example as you set up your board - Directions for set up - Leaves with letters for E-F for treble note names - Leaves with solfa for s,l,t,drmsltd - Die cut letter count for "Leaves are falling into place, onParallel and Perpendicular Lines No Prep Note Pagesby Included in this resource are two parallel and perpendicular line note pages. ThPage 9Here are some fraction number lines. Also included, are 12 full color landform and bodies of water posters that match the images in the passages and lapbook. If you ♥ like ♥ this packet, you may be interested in the following: Bundle Beginning Sounds B,Page 24Go Paperless!Engage your students with this interactive resource that will work on GOOGLE SLIDES.These digital geometry resource will help your students understand and practice quadrilaterals (squares, rectangles, parallelograms, rhombs, and trapezoids). You just print and go.The words are: all, am, are, at, ate, be, black, brown, but, came, did, do, eat, four, get, good, have, he, into, like, must, new, no, now, on, our, out, please, pretty, ran, ride, saw, say, she, so, soon, that, there, they,Page 14Personal Spelling Dictionary/Personal dictionaries are great for eliminating "How do you spell..." These personal dictionaries come in two versions regular lines and dashed lines.Download the preview to see this up close!Included on each page in ABC order are all Dolch words:Letter A: a, about after, again, all, always, am, an, and, any, apple, are, around, as, ask, ate, away,Letter B: baby, back, ball, be, bear, because, bed, been, before, bell, best, better, big, bird, birthday, black, blPage 15Christmas Scissor Skills This pack was made to help students develop their fine motor skills. Includes: - Pictures to use as an example as you set up your board - Directions for set up - Snowflakes with letters for E-F for treble note names - Snowflakes with solfa foFall Themed Music Bulletin Board {Treble Lines and Spaces} by Want a fresh look in your music room for Fall? Included are 8 printable WINTER THEMED pages working on rolling the dice, cutting, sorting, gluing, drawing, answering questions, and more. Also questions on proving if two lines are parallel. ., " and another page with the version that uses "trespass/trespases" and ends ". Learners are challenged to practice writing their letters BIG and small on each page. Images are from Little Red's Schoolhouse Thanks for downloadPage 16Use this product to encourage shape and line recognition in the classroom or home.Includes square, circle, diamond, triangle, rectangle, star, heart, vertical lines, horizontal lines, pentagon, hexagon, cube, cylinder, trapeze, parallelogram, crescent, and oval. 7: Find the missing words in the poem. Equations are written in standard form and include vertical and horizontal lines. The clear example sentences with pictures will help your students successfully add words or sentences in the lines below. What is included:Transition Words with lines Solid LinesDotted Lines Craft to to make Turkey I hope you love this product as much as I do! Once you have purchased this resource don't forget to come back and leave feedback to help you gain some TpT credits! If you want to keep up to date with my sales, new resources, freebies and so much more clicAnimal Alphabet Handwriting Pagesby Practice handwriting with the animals from A to Z! These clean and simple handwriting pages provide practice with writing both upper and lowercase letters within the boundaries of 3 lines (two solid lines and dotted middle line). This bulletin board is designed to reinforce lines and spaces note names on the treble clef. I created these worksheets to support and assess where they were at. Includes a quiz at the end. Seeing the numbers placed on a number line really helps students conceptualize the process of rounding numbers.This rounding bundle includes a 70-slide lineParallel Lines Transversals and Angles Worksheetsby Hello Math Teachers! Worksheet on finding measurement of angles of Parallel Lines using Corresponding Angles, Alternate Interior, Alternate Exterior, Vertical and the Sum of Interior Angles of a Triangle. Story titles included in this download are: - Where is the Gold Coin? Features ten frame images under each number 0-10 to help begin to develop number sense. Recording sheets are provided for 2 andPage 4Ten Frame Number Lines (0-20)by These number lines feature starting black dots for young writers to practice where to start handwriting their numerals. Students use visuals to generate definitions of each term. Students should decide on the theme, rhyme scheme, and tone in your poem. Also includes numbers 11-20 for students who are ready to move on.Great to use when practicing addition and subtraction or for a reference when playing comparison games like war.2 versions included:0-10 with ten frames (with 11-20 in small print with no ten frames)0-20 with ten frames-----Subjects:These 4th grade math tri-folds are perfect for you to use during your guided math groups, math assessments, or homework. This packet includes the following: witch, Frankenstein, Vampire, mummy, haunted house, cat, bat, Jack'O'Lantern, calldron.Did you know that you can get TPT credit to use on future purchases? Please go to your My Purchases page (you may need to login). It reads, "April Showers bring May Flowers". See Terms in the zip file for more information. The next sheet is a mixture of rigid transformations, and then 3 sheets include all types of transformations and get quite challenging!Page 11Instructions for playing is included,Just print and cut on the lines and you have instant engaging activity. Details of worksheets are listed below.Definitions worksheet-1 worksheetMatch to nPage 6Basic geometry including definitions (points, lines, planes, rays, etc.), shapes, types of angles and triangles, perimeter, area and volume including irregular shapes. Most of the activities use number line ninjas to introduce students to the number line method of rounding. It includes note names on rain drops and two different styles of flowers (pastels and bright multicolored). 5: Find and color the vowels and consonants pg. Includes 17 pages of traceable shapes, also includes inspiration page for ideas on how to use this in your classroom.Great resource for writing center, math center, play dough area, morning work centers, fine motor IEP goals, and pre-wriPage 17Here are 5 St. Patrick's Day themed emergent readers for your beginning and/or struggling readers! Each 6-10 page book has one or two lines of text, as well as a picture that can be colored. I recommend printing them on cardstock and laminating them.You can put them into plastic baggies. Commercial use ok. These slides also include lines (vertical, horizontal, parallel, intersecting, and perpendicular) and triangles (acute, equilateral, isosceles, obtuse, scalene and right).Included in these slides are interactive activities with text boxes and mPage 25This project is a great way to assess your students knowledge of shapes and angles.
