We are always available for your help. Download Bluestacks Mini Militia Pisons unlocked with Militia Pro Pack Rifles: M4: it is a fantastic gun with 5x rooms & provides 3 models in a single vault. M93BA: an excellent weapon for an excellent range and has 7x this is the largest of these and instantly kills. M14: Å Å A small form of M93BA, 6x selection however with a fastest fire speed and ever a 1 shot killing machine. Guns Uz: It is a gun and a fire of submissions submissions Without delay together with a player Bald Eagle: it's really a golden semi-automatic gun. Then the Magnum its dismissal rates are considerably faster and even the gun that players get secondary. Magnum: it is the third gun that the player will get as default. His gun shoots more slowly than a Desert Bald Eagle. molerat Shield: in protects the shots even if not from a close range. Machete: a sword that provides a strong blow to the opponent. Other MP5 guns: an excellent weapon as it can certainly kill using its 3x ROOM Fast Shots, good backup when you want to hurry inside your opponent. AK47: AK47 has fast and long models also. Shotgun: appropriate for close encounters Furthermore, sprinkles 3 bullets in a single Round small reload slow. go to download linkery weapons smaw: another good weapon for killing an opponent from a long road away with room 6x with slow top-up and only 6 rocket his type Of dangerous to hold and also aim could be a problem. Saw gun: it's the ball that when it hits a surface, you will rebel again then take care of not committing while using balls and balls explodes after about 5 seconds. Remove: Shoot a ball that electrified anyone captured in the range. When they were captured inside the Aren ball, it is able to fly for about thirty seconds and you could reach the opponent and kill him. Laser: this is not an excellent weapon to do yes that the damage rates are Low but the dismissal rates are fast. Flamethrower: the damage is actually strong and fast, however in tight meetings and even the good factor is that it penetrates the shield. Grenades: frag: it could be thrown up to a great distance and explodes, which It provides an ideal dies for your enemy. Gas: This explosive device releases gas that lowers health if someone approaches it. proxy mines: this remains with the upper part each time it launches and explodes immediately if someone is approaching.
