According to the ATA, practitioners Songahm Taekwondo studio poome SAE (forms, a preset combination of offensive and defensive techniques, intended to simulate defense techniques to be used on multiple opponents), gyeo-roo-gi (sparring), one-steps (scripted sparring segments), self-defense, board breaking, weapons, and leadership. The ATA has a legacy program that allows students to work as leaders and instructors in junior classes. and earn the title of ATA Certified Instructor. [7] Belt and Rank System of ATA Martial Arts belts List uses a split rank system in two series: the series colored belt, and the series of black belt. Each series in the number of smaller targets provided by nine colored belt ranking levels is designed "for motivation added giving many short-term goals to achieve and the elimination of having to stay in one color for several months to once "and likely to meet the need of many American students for instant gratification. [9] According to the ATA, each belt has a symbolic significance that compares the student's growth in taekwondo to the growth of a pine tree: white belts Belt (Songahm 1) - "pure and without the knowledge of Songahm Taekwondo as with the pine., the seed must now be planted and nourished to develop strong roots "[9] [10] Orange Belt (Songahm 2) - "... the sun begins to rise as the morning sunrise, only the beauty of the sunrise is seen rather than the immense power "[11] [10] Yellow Belt (Songahm 3) -" the seed is beginning to see the light of the sun "[12] [10] Camouflage Belt (Songahm 4) -. [17] [18] The rank of reaching each grade of the white belt at the black belt of the second degree can be kept As a recommended rank (R) or decided (D). The rank "decided" is a half step above the "recommended" degree. Some schools indicate this rank with a piece of black ribbon around the end of the belt hanging on the right side of the student. In promotional rank tests, Poss students Ono to receive a "full passage", "half pass" or "no change" For the ranks of the recommended black belt, the student is obliged to successfully overcome the tests for their subsequent degree decided within 6 months of achieving their current recommended 2 degree would be returned to the 1st degree determined). Mastership After reaching the grade of black belt of the 6th degree, the next step is to earn the cloak of "Master Instructor". To earn this title, the 6th degree and the main title of the Master, gaining an 8th degree and the main main title and gaining a 9 degree and the great title principal. Before 2015, there was only a great teacher at a time; However, after the promotion of larger masters the title "Presetting Grand Master" [23] is now used to distinguish the Grand Master chosen by others to be responsible for ATA. ATA Tigers Taekwondo for the ATA Tigers program for preschool age students (3-6) uses patches with animals on them, instead of black strips on the tape to indicate level: Turtle (Ara) for the purple belt; Cheetah (cheli) for yellow belt; Lion (Raon) for the green belt; Phoenix (Choa) for the purple belt; Dragon (MIR) for Blue Belt; Cobra (Narsha) for brown belt; and panther (baron) for the red belt. [24] [25] [19] Licensed positions often use full-length strips in straps to mean various ranks. White, orange, yellow, camo, green, purple, blue, brown, red and black stripes run along the center of the ribbon from one head to another. These positions can Use black wrapped strips around an end to mean "time-in-grade" or "rank degree" with advancement to the next ribbon color after obtaining five (5) strips or 'degrees'. Shape a form (Poate SAE) is a series of kicks, blocks and other techniques put together in a fixed model. The model becomes more complex while students progress through ranks. For example, the shape of the 9th degree has 91 moves. The shape of the 9th degree has 99 moves. If all forms (eighteen years) are made in sequence, they form the model of a nine-pointed star (eight external points plus a central point) named Sonatahm Star. According to the ATA, when the external points of the star Sonaurahm are connected, they form a circle that exemplifies the complete balance. The ATA teaches that the modules create a contextual application for a new material learned at each level of the belt. As with shapes, the only step becomes more complex as a student progresses. [9] [11] [12] [13] [14] Uniform students and instructors are similar to each wear a traditional white dobok with the appropriate belt for all classes, promotional rank tests and tournaments. Each Dobok has a right chest a ATA Shield patch with a school patch or club on the left. On the back of the uniform, instructors and trainees are required to have the word "taekwondo" which blushes on a red and blue ata patch. Under the patch is the name of the instructor, both as "John Doe" or "J. Doe". Non-instructor students can wear a uniform with "Taekwondo" and an ATA patch on the back, however, these students do not wear their names on the back. Instead of a name, the student will have the position of dojang. Also, there is a black and red Dobok specifically used for the leadership program, with red lettering and without patches.
